We play in UNITY

A GSBA Committment

The Greater Shepparton Basketball Association (GSBA) is proudly multicultural and community-focused. Our Association operates with humanity, impartiality, and inclusion at its core, welcoming people of all backgrounds, cultures, and faiths to participate in the game we love.

In an environment where symbolism and messaging can at times divide, the GSBA has made a clear and deliberate choice: to lead with UNITY.

The 'We Play in Unity' logo device has been created and embedded cross our representative uniforms and official brand materials as a visible and enduring commitment to what we stand for. It is not a slogan... it is a standard!
It represents:

- Respect for all participants
- Equality of opportunity
- Safe and inclusive environments
- A shared love of basketball that transcends difference

This initiative reflects our belief that sport, when delivered with integrity and purpose, has the capacity to bring people together in meaningful and lasting ways.

As stated by Nelson Mandela:
"Sport has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does."
These words continue to guide our direction.

At GSBA, unity is not passive, it is actively promoted, protected, and expected. We don't just play the game, **we play in unity.**

LIVE STATS

CLICK HERE to access the live stats on the Basketball Victoria website. Select Division 1 for the Men and Division 2 for the Women.
