

Senior Men's Gators report

We have 1 import spot to fill, and the team will be complete. Again, it appears an exciting and competitive roster.

Accommodation wise we have secured a 4 bedroom house in central Shepparton and access to 3 vehicles for transport for our imports.

Our imports will again be employed at local schools and will also provide opportunities for coaching clinics and club trainings where needed.

We have school holiday programs booked in for Term 1 and 2 in both Shepparton and Echuca.

We're hoping to showcase our local junior domestic and squad talent in offering the opportunities to play curtain raiser games throughout the season and ½ time entertainment.

Keep an eye out for player announcements and further Gator news.
